

DESCRIPTION

The requirements of Section 571 from the January 2, 1995 NYSDOT Standard Specifications shall apply with the following modifications:

571-3.01 CONTAINERS

Each container or rolloff shall be labeled in accordance with US Department of Transportation regulations. Each container or rolloff shall be permanently labeled in the following manner:

HAZARDOUS WASTE. Federal law prohibits improper disposal. If found, contact the nearest police, or public safety authority, or the US Environmental Protection Agency.

Generator's Name: **MONROE COUNTY DEPARTMENT OF TRANSPORTATION**

Manifest Document No. _____

Date: _____

BIN: _____

Note: The date shall be the generation date. It shall be entered by the ENGINEER using permanent marking material supplied by the CONTRACTOR.

571-3.04 MULTIPLE COLLECTION

All component shipments must have originated at sites that are under the authority of COUNTY. No loads may be included that were generated at a site for which another agency is responsible.

571-5 BASIS OF PAYMENT

The unit price bid per cubic meter shall include the cost of all labor, materials, equipment, sampling, testing, and fees necessary to complete the work based on the assumption that treatment by stabilization will satisfy the applicable Federal regulations. Should this prove not to be the case on an industry wide basis, as opposed to an individual Treatment or Disposal Facility, the difference in cost between the cost of treatment by stabilization and the method subsequently found to be necessary shall provide the basis for an order on contract. Only waste for which manifest copies are returned to the ENGINEER by the CONTRACTOR and Disposal Facility will be authorized for payment.

If the COUNTY is fined or penalized as a result of the CONTRACTOR's performance or lack thereof on this item, in addition to other remedies the COUNTY may possess, said fine or penalty will be deducted from monies due the CONTRACTOR.

ITEM 571.01XXM TREATMENT AND DISPOSAL OF PAINT REMOVAL WASTE

The extent of the CONTRACTOR'S compliance with the provisions under timelines of disposal will be considered as relevant in any future determination of an award to the CONTRACTOR as the lowest responsible bidder for any project under the supervision of the COUNTY.

Payment will be made under:

<u>Item No.</u>	<u>Item</u>	<u>Pay Unit</u>
571.01xxM	Treatment and Disposal of Paint Removal Waste	CM

Note: xx represents numbers assigned by the designer and keyed to a particular structure. See elsewhere in these contract documents for a list of structures and the numbers assigned to xx.
